Service, Repair & Overhaul of Pressure Relief Valves

- Type of Pressure Relief Valves (PRV) -**
- PSV - Pressure Safety Valve
 - SRV - Safety Relief Valve
 - RV/SV - Relief Valve/Safety Valve
 - Pilot Valve
 - Pressure Vacuum Valve
 - Breather Valve
 - Vent Valve

Please provide as much information possible as described below for inquiries or quotation.

Item	Information Required	Remarks
1	Valve End User or Plant Owner	
2	Name of Plant or Factory or Offshore Platform	
3	Plant Location	
4	Required Scope of Work;	
	- Valve Removal & Transportation	Is scaffolding & crane required
	- Service, Repair & Overhaul	At site or workshop
	- Valve Testing - 'Pop' Test & Seat Leakage	Provide person to witness test
	- Valve Reinstall or Reinstatement	Is scaffolding & crane required
	- Online/In situ Pop Test or Trevi Test	To be carried out at site & online
5	When work can start	
6	When work has to be completed	
7	Quantity of valve	
8	Valve Tag No.	
9	Valve Maker or Manufacturer	To identify spare part if required
10	Type of relief valve	eg. Conventional, pilot, etc
11	Valve Model & Serial No.	To identify spare part if required
12	Valve Service Medium	eg. Oil, gas, water, chemical, etc
13	The equipment the PSV protect	eg. Pressure vessel, tank, pipeline, system etc
14	Valve inlet size and rating	Size
15		Rating & End Connection type
16	Valve outlet size and rating	Size
17		Rating & End Connection type
18	CDTP & Required Set Pressure	Is back pressure present?
19	Is valve data sheet or drawing available?
